The first edition of the book also included McCullers' previously published novels, *Heart the Lonely Hunter*, *Reflections in the Golden Eye*, and *Wedding Party*. American playwright Edward Albee adapted the novel as a stage performance in 1963, which itself was adapted in 1991 by a film of the same name starring Vanessa Redgrave and Keith Kerradin. The story *The Ballad of a Sad Cafe* opens in a small isolated town in the southern United States. The story presents Miss Amelia Evans, strong in both body and mind, to which comes a hunchback man with only a suitcase in his hand, who claims to be her relative. When Miss Amelia, whom the townspeople see as a calculating woman who never acts for no reason, takes a stranger to her house, rumors begin circulating that Miss Amelia did it to take what the hunchback has in her suitcase. When the rumors peaked, a group of eight people came to her shop, sitting on the street on the steps during the day and waiting for something to happen. Finally, they enter the store all at once and are stunned to see that the hunchback is alive and well. With everyone gathered inside, Miss Amelia brings some liquor and crackers that further shock men, as they have never witnessed Miss Amelia being hospitable enough to let the drink in her home. This is the beginning of the cafe. Miss Amelia and the hunchback, Cousin Lemon, inadvertently create a new tradition for the city, and people gather in cafes on Sunday evenings, often until midnight. Obviously, though surprisingly, for the townspeople that Miss Amelia fell in love with Lemon's cousin, and began to change a little. When the townspeople see this, they attribute this to another strange incident, which also involved Miss Amelia: the issue of her ten-day marriage. Miss Amelia was married to a man named Marvin Macy, who was a vicious and violent character before he fell in love with her. He changed his ways and became good-natured, but returned to his old me when his love was rejected after a failed ten-day marriage in which he gave up everything he possessed. He erupted in fury, committing a number of crimes before being caught and locked up in a state prison. When he is released, Marvin Macy returns to the city and begins to use the admiration of Lemon's cousin for him, using him to crush Miss Amelia's heart. Macy and Miss Amelia in a physical struggle, and just as Miss Amelia is about to take the upper hand, Lemon jumps her from behind, allowing Macy's to prevail. Macy and cousin Lemon ransacked the cafe, broke into the cash register, stole Ms. Amelia's paradise and money and fled the city, leaving Miss Amelia alone. The story ends with *Twelve Deadly Men*, a brief excerpt about twelve people in a chain gang whose actions spell out what happened in the city. The adaptation of *The Ballad of the Sad Cafe* was adapted into the play of the same name by Edward Albee in 1963. Albee's play was adapted by screenwriter Michael Hurst in the 1991 film starring Vanessa Redgrave and Keith Kerradin. References to *The Ballad of the Sad Cafe*. AFI film catalogue. The south used to be a rural area with its own distinctive culture and a strong folk tradition preserved mainly through music and language (Forkner 91). The question of how this image should have given way to the new reality of the south by the 1940s will be discussed. It has developed into an interchangeable urbanized society, which excludes a person who does not conform to southern norms. In addition, analyzing the main characters of *The Ballad of the Sad Cafe*, the newspaper points to the unique gloom of the visions of McCullers, looking for reasons both in childhood and in adulthood. Focusing on his work *The Ballad of the Sad Cafe*, the newspaper emphasizes that McCullers has always questioned the national identity of 20th-century America in general and the transformation of Southern society in particular. It further discusses the fundamental distinction between Carson McCuller and William Faulkner, who is known as the most famous writer of his time. By interpreting the novelette *Ballad of a Sitting Cafe*, the paper goes highlighting the theme McCullers itself was concerned about: The spiritual isolation of an individual. Isolation, which is deeply ingrained in a man who does not fit into the narrow-minded and sympathetic picture of stereotypical southern society. Finally, my article highlights Carson concerns about gender and behavioral concepts in the early 20th century, which she turned upside down to reveal the artificiality of southern myth and its rigid moral concepts.
